Dear Occupier

We are due to carry out resurfacing part of the works on Rue des Brehauts/Rue des Buttes, as a part of the ongoing roads project currently in progress, on behalf of Traffic and Highway Services (THS), on Tuesday 13th July 2021.

The working hours of the site are 7-45 am to 16:00pm with the proposed works lasting approximately 2 days.

Access and egress by vehicle, will be available up until 8-30am.

During the times above, the road will be closed to through traffic and no access will be available between the above times to property/business owners, due to the nature of the works on this day.

Pedestrian access will be maintained. ( Please read the 2nd bullet point in relation to this ).

The proposed works to be carried out are;

- Spraying of Bitumen Emulsion to the road surface. ( Tuesday ).
- Please be aware that the emulsion is very sticky and will adhere to the soles of shoes and the paws of animals. Care should be taken to avoid any contact during drying.
- Resurfacing works. ( Wednesday ).

It is our intention to complete the proposed works as per the information provided above. Should any changes occur that are unforeseen or outside of our control, we will inform you as soon as is practically possible.

Should you wish to discuss any of the information above or need to discuss any special needs that you may require please contact us on the details below.

We apologise in advance for any inconvenience caused during these essential works.

Kind regards.
